SITUATION SUMMARY

Cal OES Activation Status

State Operations Center	Inland Region EOC	Coastal Region EOC	Southern Region EOC
Normal Operations	Normal Operations	Normal Operations	Normal Operations

Potential Public Safety Power Shutoff (PSPS)

On 06/18/19 at 1738 hours, Southern California Edison (SCE) notified the California State Warning Center (CSWC) of their decision to activate their Operation Emergency Center (OEC) for a potential Public Safety Power Shutoff (PSPS) event. Up to 6,475 customers could be impacted across two counties in Southern Region beginning 6/21/19

The approximate number of customers that could be impacted in the Southern Region are as follows:

- 3,013 customers across Los Angeles County (Palmdale)
- 3,462 customers across San Bernardino County (Apple and Lucerne Valley)
- 277 medical baseline customers potentially impacted
- CSWC performed notifications per PSPS SOP.

Cal OES INLAND REGION

- Nothing significant to report.

Cal OES COASTAL REGION

- Nothing significant to report.

Cal OES SOUTHERN REGION

- Nothing significant to report.

FIRE ACTIVITY

Cal OES Fire Preparedness Levels

National	Northern California	Southern California
Preparedness Level 2	Preparedness Level 2	Preparedness Level 2
	Multi-Agency Coordination System MACS Mode: 2	Multi-Agency Coordination System MACS Mode: 2

Please note: The National and Regional Preparedness Levels are maintained by the National Multi-Agency Coordination (MAC) Group and are separate from Cal OES activation levels.

Cal OES Fire Missions

- **2019-FIRE-402:** Incident Number: CA-CDF-000127, Request for five 20-person Hand Crew each and all necessary personnel, support, transportation and materials. 65 additional soldiers to be trained and ready to backfill. Assigned to fuel reduction efforts in SHU, NEU, BEU, and FKU (1 Crew in each unit with the exception of 2 crews in FKU).

CAL OES INLAND REGION

Lumgreys, Vegetation Fire, Siskiyou County – Final

Location: Hwy 96 x Lumgreys Rd, West of Gottsville

Jurisdiction: DPA, FRA, Klamath N.F.

Per Cal OES Duty Officers and CALFIRE as of 06/19/19 at 0905 hours:

- 207 acres grass and brush, 60% contained
- Good overnight progress made
- Fires burning on both sides of the Klamath River
- Continued commitment of CAL FIRE ground resources
- No unmet needs at this time.
- Cal OES Fire Duty Officer will Continue to monitor

Activations

- Siskiyou County EOC deactivated 06/18/19, 1730 hours.

Road Closures

- State Route 96 reopened to one way controlled traffic and will fully open this evening 06/19/19.

MAJOR ROAD / HIGHWAY / BRIDGE CLOSURES

CALIFORNIA 911 SYSTEM

CA 911 Outages		
Northern California	Central California	Southern California
No 911 Outages	911 Outages	No 911 Outages

9-1-1 Outages/Remote/Community Isolations

9-1-1 Outage, Monterey County (NEW/FINAL)

On 06/18/19 at 1757 hours, the CA 9-1-1 Branch notified the California State Warning Center (CSWC) that Monterey County Sheriffs admin phone lines down. Per Monterey County Sheriff only the non emergency admin line are impacted.

- Time Outage Started: 06/18/19, 1137 hours
- Time Outage Reported: 06/18/19, 1615 hours
- Time to Resolution/Restoration: 06/19/19, 0121 hours
- Jurisdiction Affected: Monterey County Emergency Communications
- Reason For Outage: Major Cable Outage caused by a back-ho through the cable.
- Cable has been repaired, Technician tested data good in both directions. PSAP admin lines have been restored

Service Interruptions

- None reported.

WEATHER OF CONCERN

NORTHERN CALIFORNIA

- A slow cooling trend expected through the end of the week as a low pressure system drops through the Pacific Northwest.
- Daytime temperatures down to near or below normal Thursday and Friday.
- Breezy north winds behind the departing low pressure system will bring elevated fire weather concerns at the end of the week.
 - fire weather concerns for portions of the northern and central Sacramento Valley and adjacent foothills below 2000 feet.
 - Increased fire weather concerns will continue into Saturday morning.

SOUTHERN CALIFORNIA

- Temperatures will trend cooler into Friday, and warming more by the weekend as clouds diminish.
- Strong onshore flow will bring gusty winds to the Antelope valley with isolated advisory level gusts near Lake Palmdale.
- periods of stronger and gusty southwest to west winds with the strongest gusts to around 50 mph.

Active Weather Warnings, Watches and Advisories by County:

- <http://www.wrh.noaa.gov/hazardSummary/?state=ca&bycounty=1>

WEATHER KEY POINTS

06/19/19 - 06/25/19

Wednesday

- Creeks, streams and rivers are experiencing higher water flows due to recent snowmelt
- Isolated thunderstorms are possible over the Sierra
- Slightly cooler temperatures today but moderate heat risk will continue especially for the Central Valley

Thursday-Saturday

- A cooling trend will reduce or eliminate heat concerns
- Many rivers will still be running high and fast through the end of the week
- Gusty north winds up to 35 mph, especially over the Sacramento valley, may cause critical fire weather conditions
- Gusty winds across the southeast deserts on Thursday and Friday will cause areas of blowing dust resulting in impacted travel
- Dry conditions continue across the state

Sunday-Tuesday

- Many rivers will continue to run high and fast
- Warmer temperatures return to much of the state with no significant heat risk impacts expected at this time
- Dry conditions continue across the state

CALIFORNIA WEATHER IMPACTS

Cal OES
GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

- **2019-LAW-2653 06/18/19, 2145 hours:** The Butte County Sheriff's Office contacted the CSWC requesting SAR/Dive/Swift Water mutual aid for a missing person in the West branch of the Feather River above the Oroville Dam. They are requesting 20 Type I/II ground searchers, 4 teams of swift-water trained personnel with support equipment, and 2 two-person dive teams with support equipment. Available staff are to meet on 06/19/19 at 0800 hours. **MISSION ONGOING**
- **2019-LAW-2625 06/18/19, 1605 hours:** Inyo County Sheriff's Office contacted the Law Duty Officer (LDO) directly regarding a missing person case. They are requesting an HH-60 from VX31 China Lake to assist in searching for a missing person in the Panamint Springs area of Inyo County. Missing is an 85 year old man with multiple health problems who went to the coordinates (36.2354 / -117.4486) to hike and explore at a mine at that location. Last seen on 06/17/19 at 17:45 hours and was reported missing by family friend today at 16:00 hours. The MP does not own a cell phone so AFRCC could not conduct forensics. Contacted AFRCC and requested China Lake on behalf of Inyo County. **Update 06/18/19, 1742 hours:** China Lake aircraft down for maintenance, AFRCC advises CAP will respond in a fixed wing this evening and fly the coordinates. Inland Division CHP helicopter will participate on 06/19/19 with Inyo SAR team search. **MISSION ONGOING**
- **2019-LAW-2501 06/18/19, 0925 hours:** The Air Force Rescue Coordination Center (AFRCC) notified the CSWC regarding an ALNOT (Alert Notice) mission request. A helicopter departed Torrance Airport (TOA) on 06/17/19 at 1647 hours and was reported missing on 06/18/19 at 0838 hours. The aircraft was described as an R-44 helicopter (tail number N7187D) owned by TVPX Aircraft Solutions Inc. The pilot was the sole occupant on board. Coordinates were 33.465 N / 118.572 W, which placed in in the area of the northwestern ridge of Catalina Island near Eagle Rock. CalOES Law Duty Officer contacted AFRCC, who confirmed the information provided by CSWC. They provided updated coordinates of 33 27.76 N / 118 34.50 W, which was in the same general area as the initial coordinates. The aircraft's destination was Catalina Airport (AVX) and it never arrived at that location. AFRCC contacted law enforcement, Los Angeles Sheriff (LASD) in Catalina and United States Coast Guard (USCG) and provided information. Local law enforcement were enroute to search the area of the coordinates using ATVs. USCG and LASD were searching the area using aircraft. **Update 06/16/19, 1118 hours:** LASD confirmed the helicopter crashed on the northwest end of Catalina Island. Tail number matched the helicopter at the crash site with the pilot deceased. **MISSION CLOSED**
- **2019-LAW-2465 06/17/19, 1522 hours:** The Mendocino County Sheriff's Office contacted the CSWC requesting two Human Remains Detection (HRD) canines for a water search for downing victim. I contacted the Cal OES Canine Coordinator who is coordinating two HRD canines for use on 06/19/19. Briefing will be held at Lake Mendocino south boat ramp at 0800. **Update 06/19/19 1617 hours:** Mendocino County Sheriff's Office has requested a towable side scan sonar for their mission; Region II assets are being evaluated based on the request. Probable deployment on Thursday 6/20/19 depending on availability. **MISSION ONGOING**

Cal OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions - Continued

- **2019-LAW-2435 06/17/19, 0943 hours:** On 06/16/19, 1139 hours, a plane crashed into Lake Tulloch near Jamestown. The Calaveras County Sheriff's advised they have located the airplane at the depth of approximately 115'. A mission number was requested in order to seek mutual aid dive teams to remove the pilot and aircraft. An underwater remote operated vehicle (ROV) located the plane upside down and it appears the pilot is still inside. A mutual aid request for dive teams was made and met with negative results. This depth is outside most local LE mutual aid dive team capabilities due to safety. Calaveras has opted to use a dive salvage company to recover the plane and occupant. **Update 06/18/19, 1714 hours:** [Calaveras County Sheriff's Office advises the salvage company has recovered the plane and pilot.](#) **MISSION CLOSED.**
- **2019-LAW-2380, 06/15/19, 2201 hours:** Inyo County Sheriff's Office requested mutual aid ground searchers to assist them with a missing person search at Mt. Whitney. The missing person is a 41 year old male whose rental car was found at the trail head on 06/15/19. Requesting as many Type 1 ground searchers from China Lake Mountain Rescue (CLMR) - Kern County, as they are familiar with Mt. Whitney and are relatively close. CLMR accepted the mutual aid request and committed available personnel who will meet at the Lone Pine Airport on 06/16/19 at 0800 hours and work with Inyo County Sheriff's Office searchers. **Update: 06/16/19, 1652 hours:** Inyo and CLMR teams securing due to heavy thunderstorm activity. Did locate some clues but not the missing person. Both teams will reconvene at Lone Pine at 0700 hours on 06/17/19 to start a second operational period search. **Update 06/17/19, 1513 hours:** Inyo County Sheriff's Office requested 30 type 1 MRA ground searchers. The date of the search is Wednesday 06/19/19 at 0800 hours and is planned for three daytime operational periods. The request is for three day shifts for responding searchers. Inyo has also requested one CH47 to transport ground teams which was approved. **Update 06/18/19, 1520 hours:** [Inyo County Sheriff's Office advised that the missing person was found on the North West side of Mt. Whitney deceased. Sequoia Kings NPS found the MP with obvious signs of death. All mutual aid resources enroute were canceled and on scene resources were released.](#) **MISSION CLOSED.**

Cal OES MISSION TASKING

Cal OES Missions

- **2019-Inland-2135:** Air monitor requested to monitor air quality in Yolo County due to the Sand Fire (On Scene)

Cal OES

GOVERNOR'S OFFICE
OF EMERGENCY SERVICES

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
